### Year 1

**Semester 1**

- Offsite Welcome & Induction Event
- Onsite Centre Induction Event
- Meet The Team
- Meet The Cohorts
- Meet The Centre's Wider Community
- Enrolment
- Module Selection
- Teaching & Learning
- Responsible Innovation Training
- Assessment

**Semester 2**

- Teaching and Learning
- Co-creation of Projects with External Stakeholders and Academics
- Project Shaping Surgeries
- Project Brochure Release
- Project Selections
- Project Selection Interviews
- Training in Entrepreneurship, Leadership and Project Planning
- Opportunities for Committee Membership
- Information & Selection Days for Next Cohort
- Assessment
- Four Month Projects

### Year 2

**PhD Year One Programme**  
**MSc Project Presentation Day**  
**MSc graduation**  
**Strategic Insight Placements**  
 • Researchers will have opportunities to bid for funding for short term visits and placements within and from Industrial settings  
**Research Training Mobility**  
 • Researchers will have opportunities to bid for funding for short term visits and placements within and from Academic settings  
**Social Action Project Work**  
 • We will facilitate entrepreneurial and proactive learning by enabling PhD researchers to devote a portion of their time in Years 2 and 3 to achieve outcomes for social action projects  
**Social Action Project Reporting**  
**Community Accountability in the Research Environment - Test & Challenge**  
 • We will convene a twice-yearly panel of local residence. All Cohort members will be able to present their work (PhD & Social Action Project Work) to this group. The panel will provide challenges and perspectives to each group in an accessible fashion.

### Year 3

**PhD Year Two Programme**  
**Organise & Deliver the Festival of Ideas Conference**  
**Strategic Insight Placements**  
 • Researchers will have opportunities to bid for funding for short term visits and placements within and from Industrial settings  
**Research Training Mobility**  
 • Researchers will have opportunities to bid for funding for short term visits and placements within and from Academic settings  
**Social Action Project Work**  
 • We will facilitate entrepreneurial and proactive learning by enabling PhD researchers to devote a portion of their time in Years 2 and 3 to achieve outcomes for social action projects  
**Social Action Project Reporting**  
**Community Accountability in the Research Environment - Test & Challenge**  
 • We will convene a twice-yearly panel of local residence. All Cohort members will be able to present their work (PhD & Social Action Project Work) to this group. The panel will provide challenges and perspectives to each group in an accessible fashion.  
**Collaborative Cohort Bonding Activities**  
**Outreach, Engagement & Impact**  
**Student-Led Video Stories**

### Year 4

**PhD Year Three Programme**  
**Launchpad Crucible**  
 • This leadership programme was designed to help our soon-to-be PhD graduates make strong first steps in their careers outside of the Centre. The idea will be for the PhD students to train other national CDT Centres researchers.  
**Community Accountability in the Research Environment - Test & Challenge**  
 • Modelled on the well-established model of Patient Advisory Groups, we will convene a twice-yearly panel of local residence. All Cohort members will be able to present their work to this group. The panel will provide challenges and perspectives to each group in an accessible fashion.  
**Collaborative Cohort Bonding Activities**  
**Outreach, Engagement & Impact**  
**Student-Led Video Stories**  
**PhD Thesis Submission**  
**PhD Viva**  
**PhD Graduation**  
**Celebration of Success**
